

General Terms and Conditions of Business of the Technische Akademie Esslingen e.V.

1. Scope of Application

- (1) These General Terms and Conditions of Business shall exclusively apply to all digital and analogue TAE events that take place synchronously between participant and Technische Akademie Esslingen e.V., An der Akademie 5, 73760 Ostfildern ("TAE").
- (2) Any deviating conflicting or additional general terms and conditions of business of participant shall become a contractual part only and to the extent we expressly consented to applicability thereof. Individual agreements between TAE and participant shall in any case take precedence over these General Terms and Conditions of Business.

2. Registration and Contract Conclusion

- (1) The offering of events on the website or in other advertising media of TAE is subject to alteration and non-binding, in particular with respect to the attendance fee set forth therein.
- (2) For didactic reasons, the number of participants is limited for numerous of our events. Registrations are considered in the order in which they are received.
- (3) Registration for an event can be made online via the registration form provided on the website of TAE. Upon confirmation of the participant data by clicking on "Complete registration", participant registers for the event in a binding manner. The confirmation of receipt which is automatically generated and sent to participant by e-mail shall not represent an acceptance declaration for the conclusion of the contract. A contract is concluded between participant and TAE only upon sending a written confirmation of registration by letter and/or by e-mail.
- (4) Contracts for part-time degree programmes shall be concluded by written contract and subject to enrolment by the cooperating university. By registering, the participant commits himself/herself to participate in the entire course. The contract period is automatically extended by one semester if the course is not completed.

3. Terms of Payment

- (1) The attendance fees are net prices as such services are exempt from VAT. The invoice shall be due and payable without deduction no later than 30 days after receipt.
- (2) If participant is in default with payment, TAE shall be entitled to claim default interest of 5 percentage points above the statutory base interest rate (Sec. 247 BGB [German Civil Code]) per year as of occurrence of default.

4. Cancellation and Rescission, Insurance Option

- (1) TAE reserves the right to cancel events up to seven days before commencement of the events if the number of registered participants is not sufficient to perform the event. Events may also be cancelled for reasons outside the responsibility of TAE (e.g. illness of the lecturer or technical reasons). In such case, the attendance fees will be fully refunded without specific request. We do not assume any cancellation costs related to travel and accommodation.
- (2) Participant may rescind from the contract by means of a declaration in text form at any time. If rescission is declared no later than 14 days before commencement of the event, the full attendance fee shall be refunded. In case of later declaration, the full attendance fee shall be due. Receipt of the declaration of rescission by TAE shall be relevant.
- (3) Participant can designate a substitute participant for the event free of charge at any time. Splitting up an event between several participants shall not be possible.
- (4) Participant has the option to protect himself/herself against cancellation costs by taking out a seminar insurance. The insurance contract is entered into separately with ERGO Versicherung AG. The conclusion of the seminar insurance shall be set forth in the registration form. The separate terms and conditions of insurance shall apply to the seminar insurance.

- (5) If the registration for part-time study courses is cancelled at the latest four weeks before the start of the course, a processing fee of 150.00 € will be charged, which is due with the confirmation of withdrawal. The participant reserves the right to provide evidence that the flat-rate costs were not incurred or were incurred only to a significantly lower amount. Non-participation in the course or in parts of the course does not release the participant from the obligation to pay.
- (6) At the beginning of the semester, a termination is possible by observing the written form and a notice period of 6 weeks to the end of the semester. The postmark of the TAE is decisive, for notices received by e-mail the date of the next working day.
- (7) The respective semester fee will be invoiced at the beginning of each semester. Payment in instalments is possible. If the participant remains in arrears with the payment of the tuition fee despite a reminder, the TAE is entitled to terminate the contractual relationship with immediate effect and to exclude the participant from the study programme.

5. Services

The attendance fee shall cover participation in the event as well as the event documents. Moreover, catering provided in the course of the event is also included in the attendance fee. In the case of the part-time study courses, meals are not included in the tuition fee. In addition, TAE reserves the right to adapt individual parts of the study programme to the needs of the teaching to a reasonable extent, even without the agreement of the contractual partner, provided that the overall character of the study programme is not affected. This concerns, for example, changes in the curriculum, the change of lecturers or the place of study, as well as the merging with similar courses of study. This may also affect the course implementation in classroom or online form.

6. Confirmation of Participation

- (1) If participant attended the entire event, he or she shall receive a confirmation of participation in the event from TAE.
- (2) If it is an event marked as a certificate course, participant shall obtain the certificate set forth in the offer after complete participation with corresponding performance record and/or after passing the final test.

7. Liability

- (1) TAE shall be liable for damages towards participant under statutory regulations pursuant to the following provisions: contractual as well as statutory liability for damages due to slight negligence of TAE, a legal representative or vicarious agent, regardless of the legal grounds, shall be limited to compensation of foreseeable damage typical of contracts, however, a maximum amount of EUR 1,000.00 per damage event.
- (2) The above provision shall not apply to any damage resulting from injury to life, limb or health as well as to damage based upon intentional conduct or gross negligence of TAE, its legal representatives or vicarious agents.
